Ed Josiah to Manage Demonstrative Evidence and Graphics Division

COMMACK, NY – August 4, 2008 Nautilus Consulting is pleased to announce that Ed Josiah has joined its professional staff, and will manage the new demonstrative evidence and graphics division. Ed has almost 30 years of experience as a demonstrative evidence expert and has provided litigation support services to the legal profession nationwide. Ed is one of the country's leading experts in the design and production of demonstrative evidence for trial, arbitration, mediation and other proceedings. He has a deep understanding of the rules of admissibility, and has testified as an expert witness on numerous occasions.

He is experienced in matters involving construction disputes, environmental cases, product liability, commercial disputes, accident/personal injury, and patent infringement. Ed's clear and concise demonstrative exhibits are often instrumental in driving a case to a favorable conclusion, and will complement and enhance the expert reports & testimony provided by the consultants in Nautilus' construction claims group.

Ed is also the graphics consultant to the American Bar Association's Forum on the Construction Industry, for which he has designed and developed speaker presentation graphics at more than twenty national Forum meetings. He has been invited on numerous occasions to give lectures to an array of bar associations, law firms, and prominent universities and law schools, and has authored several articles on demonstrative evidence.

Prior to joining Nautilus, Ed was a partner at an international construction consulting firm, where he was responsible for all demonstrative evidence including the design, development and production of scale models, 2D, 3D and 4D animation, information design, diagrams, multimedia presentations, and graphic illustrations. Ed is also a former president of the Demonstrative Evidence Specialist Association (DESA). He can be reached by phone at (631) 891-3040 or by email at ejosiah@nautcon.com. A full portfolio of Ed's work is available upon request, while selected samples along with his many informative articles have been posted on the Nautilus website (www.nautcon.com).

ABOUT NAUTILUS

Nautilus Consulting is a national construction consulting firm, specializing in construction claims analysis and associated damage calculation. With a strong emphasis on utilizing practical and court-tested methodologies, Nautilus has experts capable of analyzing the impact of change, delay, acceleration, inefficiency, damage, and other issues common in a construction dispute. For further information, email Ian Street at istreet@nautcon.com or call at (631) 891- 3040.
